

South Portland City Council  
***Position Paper of the Interim City Manager***

***Subject:***

**ORDINANCE #9-15/16 – Amending the Code of Ordinances establishing Chapter 32, “Pesticide Use Ordinance”. Passed first reading on 4/4/16. ROLL CALL VOTE. Passage requires majority vote.**

***Position:***

This proposed ordinance passed first reading at the April 4, 2016 Council Meeting. Following that meeting, the staff working group received further public input and worked on additional suggested changes to the ordinance.

The ordinance was further discussed at the Council workshop on August 8, 2016 and substantial changes to the April 4 version were proposed. The Council has apparently chosen to bring forward a new version of the ordinance for first reading, which new ordinance is included on this meeting agenda as Ordinance #2-16/17. In order to kill Ordinance #9-15/16 without taking a vote on the merits of it, a motion to postpone indefinitely is in order.

***Requested Action:***

Council action to indefinitely postpone Ordinance #9-15/16.
