State interest or reason for wanting to serve Civil Servants are essential for the safety and security of our community. I am interested in assisting the city to ensure that the right people are selected to engage in civil service, and that the people of South Portland are fairly represented when decisions are made and issues arise. We have a strong community, and the people who serve in these roles are a significant part of this community. I believe the fair and equitable selection and review is essential to maintain a strong community. As in each selection/disciplinary process, the role of the decision maker cannot be swayed by personal opinion/bias. I have spent the last 16 years adjudicating or training others to adjudicate disability claims in a fair and equitable manner. I am practiced in this kind of decision making, and I can help my community by sharing that expertise.
