Ref – Donation

Dear Jim,

I'm writing to ask that you forward to the city council the acceptance of a \$2500 donation from the Portland Pipe Line Corporation. Every year the fire department is very fortunate to receive numerous donations and we appreciate them all. Over the years we have used these donations towards thermal cameras, power stretchers as well as public education items.

This donation will be utilized to purchase a Blitzfire Monitor that will allow us to remotely flow up to 500 gallons a minute of water or foam. I have included a picture to give you and the council an idea of what we are talking about. We received a donation several years ago to purchase one of these units that is currently on Engine 6 and it would be a nice addition to place this new unit on Engine 8. It provides a level of safety for our firefighters because it can be used remotely.

If you have any questions please let me know.

Sincerely,
Chief Kevin Guimond
